

ABDELHAK BOURDIM

20+ years of international experience — France, USA, Canada, Egypt

● Aerospace / Defense ● Medical ● Automotive ● IoT / Energy ● Payment ● EV Charging / V2G

2025 – 2026

E2-CAD

EV Charging / V2G — IP Iotecha Charging Station

Eragny, France

Product takeover and V2G test bench setup for EV charging station

2024 – 2025

Safran

Aerospace — SSPC Solid State Power Controller

Créteil, France

Low-level driver updates for aerospace power controller

2023 – 2024

Asterios Technologies

Aerospace — T1042SOM Software Testing

Massy, France

Software test procedure authoring for aerospace SOM module

2022 – 2023

Thales

Defense — Radio LPM & N-MMR

Gennevilliers, France

Mission preparation software and New Multi Mode Receiver development

2022

Valeo

Automotive — Test Audit

Créteil, France / Egypt

Audit of unit tests, integration tests and testing tools in Egypt

2021 – 2022

Vertical M2M

IoT — Embedded Linux

Boulogne-Billancourt, France

IoT gateway development on embedded Linux platform

2020 – 2021

Thales

Transport — ATO Autonomous Train Operation

Vélizy-Villacoublay, France

IPC communication and socket programming for autonomous metro

2021 – 2022

Arkamys

Automotive — GStreamer Embedded Audio

Levallois-Perret, France

GStreamer audio plugins, unit tests and End-to-End integration tests

2020

PK Vitality

Medical — K'Watch CGM Wearable

Paris, France

BLE drivers, FreeRTOS and TouchGFX interface for glucose monitor

2017 – 2020

Zodiac Aerospace (Safran)

Aerospace — SSPC A350 / GENOME / CORAC

Montreuil, France / Vancouver, Canada

Low-level drivers, diagnostics and application layers for A350

2015 – 2016

Enedis

Energy — Linky Smart Grid Cybersecurity

Nanterre, France

Cybersecurity audit of Linky smart meter concentrators

2014 – 2015

Sorin

Medical — BLE Module for Pacemaker

Clamart, France

Bluetooth integration feasibility study for cardiac implant

2012 – 2014

General Electric Healthcare

Medical — X-Ray Generator

Buc, France / USA

CANOpen integration on RCB and CORTYX boards for X-Ray generator

2001 – 2009

Cartadis

Payment — Embedded Payment Systems

Fontenay-sous-Bois, France

Development of embedded payment terminals and card readers

Abdelhak Bourdim — Embedded Software Engineer — 20+ years of experience
